- ▶ 2 Part 2 Using ICD-11
- ▶ 3 Part 3 New in ICD-11

# <u> 0 ICD-11 Reference Guide</u>

- <u>0.1 Copyright page</u>
- 0.2 How to use this Reference Guide
- <u>0.3 Table of Acronyms and Abbreviations</u>
- <u>0.4 Glossary</u>

### 1 Part 1 - An Introduction to ICD-11

- معرفی کلی ICD
- معرفی WHO-FIC و طبقه بندی های مرجع
- کاربردهای ICD برای طبقه بندی ناخوشی ها(بیماری ها)
  - کاربردهای ICD برای طبقه بندی علل مرگ
- معرفی ICD-11 (کاربرد در سیستم های اطلاعات سلامت، کدگذاری الکترونیک، استفاده در مدارک پزشکی کاغذی)
  - ارتباط ICD-11 باICF
  - تاکسونومی و CD-11 Uniform Resource Identifiers •

### 1 Part 1 - An Introduction to ICD-11

- <u>1.1International Classification of Diseases (ICD)</u>
- <u>1.2 Structure and taxonomy of the ICD</u>
- ► 1.3 Main uses of the ICD: Mortality
- ► 1.4 Main Uses of the ICD: Morbidity
- 1.5 Traditional Medicine
- ► 1.6 ICD maintenance

- 1.2.4 General features of ICD-11
  - 1.2.4.1 Code structure
  - 1.2.4.2 Uniform resource identifiers
  - <u>1.2.4.3 Block codes</u>
  - 1.2.4.4 Stem codes
  - 1.2.4.5 Extension codes and postcoordination
  - <u>1.2.4.6 Other general features</u>

# 2 Part 2 - Using ICD-11

- قوانین و دستورالعمل های کدگذاری بیماری و علل مرگ در پارت دوم قرار دادرند.
  - در واقع راهنمای استفاده از ICD-11 در پارت دوم قرار دارد.

- 2.25 Recommendations in relation to statistical tables for international comparison
- 2.7 ICD–11 conventions
- 2.8 Stem codes
- 2.9 Extension codes
- **2.10** Precoordination and postcoordination
- <u>2.15 Mortality statistics</u>

Auministrative Data (				country)					T			
Sex	L	Female 1								known		
Date of birth	D	D	M	I Y Y Y	Y	Date	of death		D D	M M Y Y	Y Y	
Frame A: Medical da	ta: Part 1	and	2									
1 Report disease or condition				Cause of death						Time interval fro to death	m onset	
directly leading to death on	line a	$\alpha$	a									
Report chain of events in d order (if applicable)	e to	1	b	Due to:								
State the underlying cause o	on the		c	Due to:								
lowest used line		5	d	Due to:								
2 Other significant condition intervals can be included in			,									
Frame B: Other med	ical data											
Was surgery performed within the last 4 weeks?							Yes	□N	0 [	Unknown		
If yes please specify date of surgery								D D	M	M Y Y	Y Y	
If yes please specify reason	for surgery (	(diseas	e or co	ndition)								
Was an autopsy requested?							☐ Yes	□ N	0 [	Unknown		
If yes were the findings used in the certification?							Yes	□ N	0 1	Unknown		
Manner of death:												
☐ Disease ☐ Assault								Тг	Could n	ot be determined		
☐ Accident ☐ Legal intervention							Pending investigation					
☐ Intentional self harm ☐ War									Unknov	-		
							f injury	D	D M	M V V	v v	
			_	Т		Date 0	1 mjury	D	D IVI	IVI I I	1 1	
Please describe how externa poisoning please specify poi		,	f									
Place of occurrence of t	he externa	ıl cau	se:									
☐ At home ☐ Residential institution ☐ School, other institution							tion, public ad	ministrati	ve area	☐ Sports and athlet	ics area	
☐ Street and highway ☐ Trade and service area ☐ Industrial and constr						uction area			☐ Farm			
Other place (please specify):									Unknown			
Fetal or infant Death												
Multiple pregnancy							☐ Yes		No [	Unknown		
Stillborn?							☐ Yes		No [	Unknown		
If death within 24h specify number of hours survived							Birth weight	(in gram	s)			
Number of completed weeks of pregnancy							Age of moth				-	
If death was perinatal, please			of moth	er that			1 - 0	())	<u>,                                      </u>			
affected the fetus and newbo		tions (	i moui	or that								
For women, was the dec	ceased pre	gnant	?				Yes		No	Unknown		
At time of death							☐ Within	42 days b	efore the d	leath		
☐ Between 43 days up to 1 year before death							Unknov	vn				
Did the pregnancy contribute to the death?							☐ Yes		No [	Unknown		

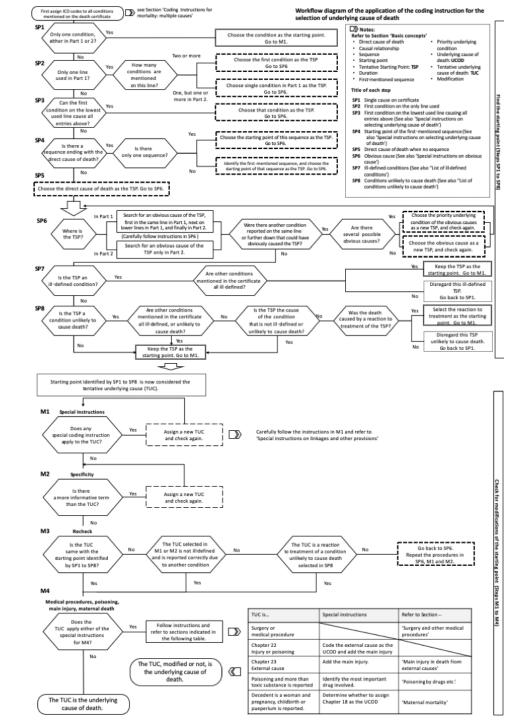

# گواهی فوت

• از 2.14 تا 2.22 اختصاص به دستورالعمل های مربوط به طبقه بندی و کدگذاری علل مرگ دارد

- 2.16 Basic concepts
- 2.17 Coding instructions for mortality
- 2.18 Check for modifications of the starting point (Steps M1 to M4)
- 2.19 Special instructions on selecting the underlying cause of death
- 2.20 Coding instructions for mortality: multiple cause coding and other specific instructions
- <u>2.21 Mortality Rules Knowledgebase</u>

# سوال قوانین کدگذاری علل مرگ در ICD-11

# شبیه به قوانین ۲۰۱۶ در ICD10

 Find the starting point (Steps SP1 to SP8)

• Check for modifications of the starting point (Steps M1 to M4)

- 2.22 Mortality digital end to end solution (forms, tools and training modules)
- در این قسمت یکسری از نرم افزارها برای کمک به کدگذاری الکترونیک و استخراج آمار مرگ و میر بیان شده است
- Analysing Mortality and Causes of Death 3 (ANACOD-3)
- CodEdit
- 2.25.4 Standards and reporting requirements for mortality in perinatal and neonatal periods
- 2.25.5 Standards and reporting requirements related for maternal mortality

- در این قسمت دستورالعمل کدگذاری بیماری ها ذکر شده است و یکی از مهمترین بخش Reference Guide برای کدگذاران است.
- 2.23 Main Uses of the ICD: Morbidity
  - 2.23.21 Chapter-specific notes

## 3 Part 3 - New in ICD-11

- : شامل توضیحات تکمیلی در مورد ساختار طبقه fندی در ICD-11 است برای مثال
  - منطق طبقه بندی در فصول مختلف در ICD-11
    - تاریخچه توسعه ICD
    - فرایند توسعه و به روز رسانی ICD

- 3.2 Chapter Structure of ICD-11
- 3.14 Annex C: Annexes for Mortality Coding
- 3.15 Annex D: Differences between ICD-10 and ICD-11
